

Senior Source Resource Guide

A publication of Senior Services of Snohomish County

Published annually for over 28 years, the Senior Source Resource Guide is a unique and valuable community resource that provides information about organizations and businesses that offer services to seniors and adults with disabilities. The Resource Guide is used by seniors, family members, caregivers, service providers, hospital discharge planners/social workers, etc.

Distribution of the Resource Guide is a cooperative venture involving many organizations. The Resource Guide will be mailed to 17,500 Senior Focus subscribers throughout Snohomish and North King counties. Resource Guides are also placed at senior-friendly agencies and businesses including (but not limited to) retirement communities, libraries, senior centers, doctor/dentist offices, etc. In addition, Senior Services programs and other government/non-profit organizations distribute the Resource Guide to clients and their families and at events including health/senior fairs, group presentations, etc.
